

# MEDREC - DESIGN PROCESS

## Empathize

Online surveys  
Health providers interviews  
Patients interviews  
Aggregated empathy Maps

## Define

User Personas  
Current User Journey  
Problem statement  
Setting the design goal

## Ideate

Processes card sorting  
potential solutions  
Information Architecture  
Data Structure

## Prototyping

sketching  
Lofi Wireframes  
Hifi WireFrames  
Prototype

## Testing

Usability Testing  
Observation sessions  
Accessibility  
Prototype
